

Endeavour Fund 2019/20 Investment by Socio Economic Outcome

The graph above depicts the balance of investments across the Endeavour Fund portfolio, based on ANZSRC codes, as at the end of the 2019 investment round.

Note that MBIE has grouped some of the ANZSRC codes together, and separated others, to provide a more useful analysis of where investments sit across the portfolio. ANZSRC codes have been grouped according to the following six-digit codes (where 'X' can be any number):
