1. Introduction

These Customs instructions replace all previous instructions concerning galvanised wire from Malaysia. Any queries concerning these instructions should be directed to the Trade Remedies team of the Ministry of Business, Innovation and Employment. Contact details are given at the end of these instructions.

Anti-dumping duties were first imposed on imports of galvanised wire from Malaysia in May 2004. The anti-dumping duties have been subsequently reviewed several times.

The rates of anti-dumping duty in these instructions are the result of the most recent full review completed in 2020 and apply from the day after the date the Gazette notice was published.

2. Goods Subject to Anti-Dumping Duties

Description
The goods which are the subject of the full review, hereinafter referred to as galvanised wire, or “subject goods”, are:

*Galvanised steel wire of high, medium and low tensile strength between (and including) 2mm and 4.5mm in diameter, excluding armouring wire.*

Country of origin
The country of origin of the subject goods is Malaysia.

3. Anti-Dumping Duties

Description
Anti-dumping duties are imposed in the form of an ad valorem (percentage) rate, where the amount of anti-dumping duty payable is the Customs value for duty (VFD) multiplied by the percentage rate.

Rates of duty
The rates of duty are set out for each supplier in Table 1 below.

Method

Chin Herr Industries (M) Sdn. Bhd. (Chin Herr)
All imports of galvanised wire: An ad valorem (percentage) rate of 19% has been set when entering for home consumption. This is calculated as 19% of the VFD.

Wei Dat Steel Wire Sdn. Bhd. (Wei Dat)
All imports of galvanised wire from Wei Dat, fitting the goods description set out in section 2, shall enter for home consumption free of anti-dumping duties.

Other subject goods and other suppliers
All imports of galvanised wire from all other suppliers from Malaysia, fitting the goods description set out in section 2, shall be charged an ad valorem (percentage) rate of 19% when entering for home consumption. This is calculated as 19% of the VFD.
