Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Strongly disagree

Why?

Inadequate commitment to discontinuing the production of fossil fuels on an aggressive timescale

What is your vision for the minerals and petroleum sector in New Zealand?

Petroleum is finished. Must stay in ground.

How can New Zealand sustainably derive value from its petroleum and minerals resources?

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Strongly disagree

Why?

Inadequate commitment to discontinuing the production of fossil fuels on an aggressive timescale

Objective for a sector that: "Is productive and innovative".

Strongly disagree

Why?

Inadequate commitment to discontinuing the production of fossil fuels on an aggressive timescale

Objective for a sector that: "Is effectively regulated".

Strongly disagree

Why?

Effective regulation would mean commitment to discontinuing the production of fossil fuels on an aggressive timescale

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Leave fossil fuels in the ground.

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

I support this, but it's totally incompatible with fossil fuel production.

Principle: Māori cultural interests are understood and respected.

Why?

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Disagree

Why?

This is a nice-to-have, but being done with fossil fuels is the overriding priority

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Why?

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Strongly disagree

Why?

“Financial return” from fossil fuel corrupts The Crown. Conflict of interest.

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Strongly disagree

Why?

Climate emergency. Protections in current permits are inadequate.

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Why?

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Why?

Principle: Strive to implement industry best practice in operations.

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Why?

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Why?

Are there any other principles you would like us to consider in the strategy?

Industry should not profit by externalising environmental and climate harm
