SCHEDULE 1

NEW ZEALAND BRANDING ACTIVITIES

1. INTRODUCTION

1.1 The COVID-19 shutdown in New Zealand has made it impractical, within the timetable required to conclude this Season One MoU, to finalize all specific deliverables that Amazon must achieve to be eligible to receive the 5% Uplift. For this reason, Amazon and TNZ have agreed to continue to work together in good faith on the basis set out in this Schedule 1.

1.2 This Schedule 1 describes the collaborative and cohesive marketing framework discussions between Amazon and Tourism New Zealand, with the objective that, using this framework, sharing key timings, ways of working, and expectations, Amazon and TNZ will identify and agree to the specific deliverables Amazon must achieve in respect of the New Zealand Branding Activities workstream, to be eligible to receive the 5% Uplift for Season One.

1.3 The workstreams include additional workstreams prior to the resumption of production in New Zealand for Season One, and workstreams leading up to Amazon’s Season One release date.

**MARKETING FRAMEWORK - POTENTIAL NEW ZEALAND BRANDING ACTIVITIES DELIVERABLES**

The potential New Zealand Branding Activities deliverables to be explored by Amazon and TNZ under the marketing framework described above are divided into three phases being:

(a) Phase I: which relates to asset creation and famil experiences during the key Season One filming window with agreed cast and/or crew, to commence immediately upon MOU signing until completion of Season One filming – circa Dec 2020-June 2021 provided that the relevant locations are at COVID-19 Alert Level 1 or 2 at the relevant time. This is to be a physically present event, a virtual substitute will not be sufficient.
(b) Phase II: which relates to the specific marketing campaign for Season One to be undertaken by Amazon and TNZ respectively; and

(c) Phase III: which relates to:

(i) the measurement and evaluation of Season One; and

(ii) meaningful engagement between Amazon and TNZ to finalise and agree the terms of the Season Two marketing framework and Season Two MoU’s New Zealand Branding Activities.

3. PHASE I: SEASON ONE ASSET CREATION

3.1 Partnership planning session (to be held late January/early February 2021): Amazon and TNZ will undertake a comprehensive joint marketing planning session for Season One key deliverables with the following objectives:

(a) Virtual meet, greet and get to know key marketing /PR representatives from both teams; (noted we will try to meet in person if evolving situations allow);

(b) TNZ and Amazon to present an overview of their marketing teams and ways of working;

(c) TNZ to provide a cultural immersion session and formal welcome to New Zealand for agreed key cast and crew (timing agreed immediately upon MOU signing) provided that the relevant locations are at COVID-19 Alert Level 1 or 2 at that time. This is to be a physically present event, a virtual substitute will not be sufficient;

(d) TNZ, Amazon and GSR to work together to determine a partnership launch announcement moment / photo opportunity (immediately upon MOU signing) provided that the relevant locations are at COVID-19 Alert Level 1 or 2 at that time. This is to be a physically present event, a virtual substitute will not be sufficient;

(e) Amazon to outline, and Amazon and TNZ to agree, confidentiality and security measures required to meet Amazon’s creative requirements;

(f) Amazon to provide TNZ with a complete overview of Season One location intelligence, general story arcs, and character development (explicitly not to include scripts), as well as key cast and crew, and anticipated filming schedule;

(g) Both teams to agree plans around BTS footage, media famils etc., for remainder of Season One filming;

(h) Both teams to agree DRAFT plan for series media launch in 2022;

(i) Both teams to agree and finalise a timing action plan; and

(j) TNZ to present finalised concepts for ‘LEAD-UP’ marketing campaign ideas, preliminarily planned to go live in late 2021, but not to precede or pre-empt Amazon’s marketing campaign for UAP nor the release of Season One.

NB: As per series MOU, TNZ requires a complete overview of UAP marketing plans for Season One and ongoing partnership with Amazon and GSR to ensure TNZ is fully informed and briefed as soon as UAP marketing plans are available and approved. Ideally this will be no less than 3 months’ advance notice for future seasons.
3.2 **TNZ Campaign Presentation Phase 1:** Based on information shared from Amazon/GSR with respect to the Season One storyline, NZ location use and the Amazon UAP Marketing plan, TNZ will present TNZ’s draft marketing plan to Amazon, for further discussion and refinement, with the objective of securing Amazon’s and TNZ’s joint approval. TNZ’s draft marketing plan will include:

(a) Finalised creative and timings for ‘LEAD-UP’ campaign to UAP show launch (likely end of 2021-beginning of 2022).

(b) Plan for TNZ’s Season One media famils / experiences;

(c) Plan for TNZ’s NZ famils for agreed key cast and crew;

(d) Plan for TNZ’s asset creation including BTS footage, location shots, etc to be made available by Amazon; and

(e) will identify the events that, provided the relevant locations are at COVID-19 Alert Level 1 or 2 at that time, are to be physically present events, for which a virtual substitute will not be sufficient.

3.3 **Asset Creation & Famils (Dec 2020 – June 2021):** Based upon the agreed TNZ marketing plan, Amazon and TNZ’s marketing teams will work together to:

(a) refine TNZ’s marketing campaign;

(b) conduct one more virtual Amazon and TNZ marketing workshop to agree final deliverables and timing;

(c) agree and finalise the Season One assets are to be created and Season One famils to be undertaken during Season One production.

3.4 **Overview of activity / deliverables to be collected during this phase (based on the Series MOU):**

(a) TNZ to host Season One select and agreed-upon key cast and crew for NZ famil experiences, in consultation with Amazon and GSR, provided that the relevant locations are at COVID-19 Alert Level 1 or 2 at that time. This is to be a physically present event, a virtual substitute will not be sufficient;

(b) TNZ to collect New Zealand endorsement quotes from select and agreed-upon Season One key cast and crew, including key characters, in consultation with Amazon and GSR (written and moving images);

(c) TNZ to collect destination tips and insider views from Season One select and agreed-upon key cast and crew (e.g. best places to visit, favourite spots, recommendations, etc.), in consultation with Amazon and GSR;

(d) Amazon and GSR to brief TNZ on UAP behind-the-scenes (BTS) strategy and introduce TNZ to the UAP BTS crew so that TNZ can remotely direct select capture of BTS imagery by the UAP BTS crew from Season One filming for inclusion in marketing and publicity materials, in consultation with Amazon and GSR.

(e) TNZ to capture destination imagery from key Season One locations (moving and still including fly-throughs), in consultation with the UAP BTS crew, Amazon and GSR;
(f) TNZ to collect select key Season One moving and still publicity assets (key cast and location) as agreed-upon with Amazon and GSR;

(g) TNZ to collect 100% Pure New Zealand Welcome messages from select and agreed-upon Season One key cast and crew, in consultation with Amazon and GSR, for global campaign work (for example: ‘Good Morning World’ campaign https://www.instagram.com/goodmorningworldnz/?hl=en);

(h) TNZ to host media famil experiences during Season One principal production (in consultation and collaboration with Amazon if feasible and provided that the relevant locations are at COVID-19 Alert Level 1 or 2 at that time, this is to be a physically present event, a virtual substitute will not be sufficient);

(i) TNZ to collate assets to create Season One themed fact sheets, itineraries and training modules for travel trade, subject to Amazon prior review and written approval;

(j) TNZ to collate assets to create digital display advertising assets (e.g., banners, social media carousels, website takeovers, editorial partnerships, print ads, etc.). TNZ advertising assets that leverage UAP assets or reference the Series are subject to Amazon prior review and written approval; and

(k) TNZ to collate assets to create Season One themed famil experiences for visiting international media where feasible (including BTS imagery, location tips, cast and crew recommendations etc.) provided that the relevant locations are at COVID-19 Alert Level 1 or 2 at that time. This is to be a physically present experience, a virtual substitute will not be sufficient.

4. PHASE II: SEASON ONE BRAND MARKETING / PR CAMPAIGN CREATION

4.1 TNZ acknowledges that it will be challenging for Amazon and TNZ to finalise the Season One marketing plan/campaigns until Season One has been edited and storylines have been confirmed. TNZ is committed to working with Amazon throughout this process to develop a marketing campaign for Season One that is collaborative and cross-complimentary. Below is an overview of key TNZ timing requirements.

4.2 Campaign Creative Ideation (September-October 2021): During this time:

(a) it is TNZ’s expectation that TNZ will create TNZ’s annual major brand marketing / PR campaign during October-December, in consultation with creative agencies. This involves the development and design of TNZ’s overarching brand campaign to play out in all key markets in the following financial year. (PR/Trade work can be more agile and is rolled out by TNZ year round);

(b) ideally, TNZ would brief TNZ’s creative agency on Season One during this time to align the Season One leveraged assets with TNZ’s creative direction for the following financial year’s work. TNZ’s campaign would roll-out in early 2022 in line with the show’s planned launch. TNZ will align the timing of the roll-out with Amazon’s leverage work to tie TNZ’s launch directly with the confirmed Season One release date. TNZ’s campaign will not precede or pre-empt Amazon’s marketing campaign for UAP nor the release of Season One;

(c) TNZ’s agency can present work to Amazon for input, feedback and approval (as required), but no UAP assets, nor advertising work leveraging UAP assets or referencing the Series, should be released without Amazon’s prior review and written approval;
(d) this is also the stage at which TNZ will create and present TNZ’s concepts in respect of TNZ’s Series ‘tag-line’ e.g. ‘100% Pure New Zealand, home of [Series name to be inserted]’.

4.3 **Campaign Refinement & Finalisation (October-December 2021):** During this time:

(a) TNZ uses this time each year to refine TNZ’s creative work ahead of TNZ’s key marketing filming time (summer/spring in New Zealand during March-April each year).

(b) TNZ would share ideation development and campaign work with Amazon to seek alignment.

4.4 **TNZ Launches Global ‘LEAD UP’ Campaign [late 2021 – in line with Amazon UAP launch timings]:** Based on agreed creative and campaign mechanics, TNZ may look to launch a global lead-up ‘teaser’ campaign. (This will not need any direct reference to the series or Season One) TNZ’s campaign cannot precede or pre-empt Amazon’s marketing campaign for UAP nor the release of Season One. Parties to discuss the potential impact of the relevant COVID-19 Alert Level at that time and the implications if this is to be a virtual event as opposed to the preferred, physically present event.

4.5 **Campaign Asset Creation / Content Shoot (Feb–Mar 2022):** During this time, if required:

(a) TNZ anticipates that TNZ will film any additional assets to create TNZ’s campaign (and TNZ can work to help Amazon do the same if necessary) e.g. storylines around Season One locations, etc. This effort may be facilitated with previously filmed assets, noting that GSR plans to have completed Season One principal photography by this time and neither cast nor crew are expected to be in New Zealand or accessible during this period. Physical production assets are also unlikely to be available during this period;

(b) TNZ will also seek to finalise all creative campaign/PR assets, including securing Amazon’s required prior review and written approval which could include but is not limited to the following:

(i) Press releases and imagery

(ii) New Zealand endorsement quotes, videos, and imagery from agreed Season One key cast and crew;

(iii) Destination imagery and leverage from key Season One locations;

(iv) Welcome messages from agreed Season One key cast and crew;

(v) Season One themed travel itineraries for key TNZ media and trade partners;

(vi) 100% Pure New Zealand newsroom editorial content (TNZ’s in-house press office focused on promoting New Zealand as a destination to media around the world);

(vii) All digital experience assets including potential takeovers/landing pages on NZ.com;

(viii) Season One fact sheets for use with key TNZ media and trade partners;

(ix) Digital display, OOO and print advertising creative executions;
Affiliate marketing with TNZ’s third party tourism partners (as contemplated by the Series MoU), e.g., New Zealand airports, regional tourism operators, etc.;

Social media assets/takeovers across our organic pages on Facebook, Instagram, Twitter, Weibo, WeChat, etc.

4.6 **UAP Leverage Campaign Launch (TBC – US FALL 2022)** TNZ’s launch dates TBC based on Season One release date. Ideally, this will involve a collaborative launch between Amazon and TNZ, with complimentary timings.

5. **PHASE III: SEASON ONE MEASUREMENT AND EVALUATION**

5.1 At the completion of the Season One marketing program, Amazon and TNZ will conduct an in-person campaign evaluation session if possible, or virtually as an alternative, attended by appropriately senior personnel (with relevant authority), to conduct a full and thorough review of what worked/what needs to change ahead of the preparation of the New Zealand Branding Activities schedule of the Season Two MoU. This evaluation session will include an evaluation of:

(a) Processes and timings;

(b) Communication between teams;

(c) Ways of working;

(d) Content capture;

(e) Creative review on what worked well / what could be improved;

(f) Key metrics from both TNZ and Amazon campaigns including reach and engagement;

(g) Identification of any stand-out UAP talent TNZ may wish to partner with directly.

*NB: Need to agree appropriate timing to draft Season Two Marketing Framework MOU.*

5.2 **TNZ’s expectations of Amazon over and above what is captured above:** Amazon acknowledges that to in order for Season One to be eligible to receive the 5% Uplift as contemplated by this Season One MoU, in addition to reaching agreement on the process described in the remainder of this Schedule 1, it will be necessary for Amazon, GSR and TNZ to work collaboratively and seek alignment from all parties to accomplish the following:

(a) Amazon proactively shares Amazon’s marketing and PR approach for the Series and Season One with TNZ on an ongoing basis and Amazon keeps TNZ updated with progress;

(b) Amazon commits to looking for cross-collaboration opportunities for TNZ wherever reasonably practicable. For example, recognizing the economic hardship the COVID-19 pandemic and related border closure has caused New Zealand, Amazon will connect TNZ with the Amazon Explore business to explore opportunities for TNZ to promote virtual tourism, retail, and cultural experiences in New Zealand;

(c) Select New Zealand promotional material supplied by TNZ will be included in marketing and publicity assets created by Amazon for the promotion and marketing of Season One, including social media posts;
(d) Amazon procures that New Zealand is used as Amazon’s venue to host a Season One media launch event and Amazon will engage with TNZ to explore opportunities to co-create an event with Amazon that incorporates a unique creative approach; and

(e) TNZ and Amazon work together to create a media announcement of Amazon’s Series Partnership with New Zealand (in consultation with MBIE and NZFC).

4.2 New Zealand companies and R&D groups will be showcased to the delegation. These knowledge exchanges will be collaboratively curated to align with the Season One R&D focus areas and theme, as well as MBIE goals and Amazon interests. This initiative provides an opportunity for Amazon and New Zealand businesses and research groups to build and strengthen relationships.
4.3 Amazon delegation should include “subject matter experts” (SMEs) from businesses and teams that align with the Season One focus areas and theme. These Amazon businesses and teams may include, but are not limited to, the following selections, and the parties agree to work together to explore additional or alternative opportunities as they may arise:

<table>

<tr>
<th>Amazon Business / Team</th>
<th>Focus Area / Theme</th>
</tr>
</thead>
<tbody>
<tr>
<td>UAP Production Teams; Amazon Air / Drones</td>

Challenges provide a good opportunity for new technologies relevant to Amazon and New Zealand to be developed.

5.2 Challenges are designed in partnership with MBIE’s Innovative Partnerships team.

5.3 Challenges will be funded using the Innovation Fund as agreed-upon with MBIE.

5.4 Progress measures include:

(a) One Challenge (i) designed, (ii) implemented and (iii) completed inside of Season One.

(b) New Zealand judging for the Challenge could be scheduled to coincide with Season One airing for increased cross-publicity.

5.5 The Innovation Challenge for Season One should involve a specific challenge problem in the focus areas of Drones and advanced aviation and Space. MBIE to identify relevant New Zealand academics and SMEs for Amazon.

5.6 The Innovation Challenge should involve the following:

(a) establishment of an Innovation Challenge project team involving key Amazon personnel as potential speakers, moderators or hosts;
(b) New Zealand establishment of an Innovation Challenge website with financial support from the Innovation Fund;

(c) New Zealand marketing of the Innovation Challenge to potential participants via appropriate platforms with financial support from the Innovation Fund;

5.7 Excluding prizes, the administration, incubation and marketing cost of the Innovation Challenge is estimated at approximately £ and will be covered by the Innovation Fund.

6.1 STEM Education

(a) The Innovation Fund may be used to invest in existing STEM education programs, and establish new ones, in primary and secondary schools.

(b) Focus would be on developing childhood-to-career programs to encourage underrepresented and underserved communities in New Zealand, particularly indigenous peoples (i.e. the Māori), to try computer science and coding; and

(c) Programs might include computer, laptop and device donations, coding camps, and robotics challenge.
**SCHEDULE 3**

**SCREEN SECTOR**

**New Zealand Screen Sector Framework**

1. **Introduction**

1.1 NZFC will be the lead screen sector partner for the Project, with responsibility to develop the screen sector framework with Amazon for the Partnership. This screen sector framework will include NZFC in partnership with Regional Film Offices (RFOs) and other agencies, NZ Story and NZTE, to ensure a broad New Zealand screen story is told, covering screen, creative and technological innovation.

1.2 The purpose of the screen activities set out in this Schedule 3 is to stimulate growth (business and skills) in the New Zealand screen sector and to market the New Zealand screen sector internationally. This can be distilled into two categories:

(a) **Promotion**: Leverage the Series through international marketing initiatives to showcase and inform about New Zealand; and

(b) **Business and Capital Growth (Human and Built Capital)**: Grow and nurture the talent/skills base of the New Zealand screen sector, to support business development within the New Zealand screen sector and to grow the New Zealand screen sector’s infrastructure base.

2. **Promotion**

2.1 The partnership will develop a marketing programme to profile the growing New Zealand screen sector with a specific focus on an ongoing pipeline of mixed-scale productions through the showcasing of New Zealand’s:

(a) highly skilled and growing talent base;

(b) the expanding infrastructure offering;

(c) accessible and diverse region locations,

(d) post-production offering; and

(e) screen sector creativity and innovation.

2.2 This Schedule supports this marketing approach through the provision of opportunities spanning production through to the release of the Series. Key components include:

(a) creation of content to showcase the New Zealand screen sector;

(b) access to agreed key cast and crew during their time in New Zealand;

(c) access to behind-the-scenes footage and stills;

(d) access to international media; and

(e) NZFC involvement in the release.
3. **Screen Sector Publicity and Marketing Commitments**

3.1 **Coordination of Public Statements**  At such time, that Amazon decides to issue press releases regarding Season One, Amazon will coordinate these with the New Zealand partners.

3.2 At a minimum, NZFC and Amazon will coordinate public statements regarding:

(a) the announcement of the 5% Uplift Partnership (as required by the Criteria);
(b) the completion of principal photography; and
(c) the release of Season One.

3.3 **Prominently displayed attribution to New Zealand, NZFC and the New Zealand Screen Production Grant (NZSPG) in the actual on-screen title credits for Season One:** Amazon shall procure that:

(a) each episode of Season One will incorporate a prominently displayed (which for purposes of this Season One MoU shall mean readable under normal circumstances) on-screen end credit for the New Zealand Government’s assistance through the New Zealand Screen Production Grant as agreed with NZFC. Example include:

“[Name of production] – Shot on Location in New Zealand”; and

“Amazon acknowledges the assistance of the New Zealand Government’s Screen Production Grant.”;

(b) As an alternative to an opening credit, Amazon will include credit information on the Series detail page on Amazon Prime Video.

(c) each episode of Season One will incorporate a NZFC credit along the lines of NZFC logo and website URL along the lines of “For information about filming in New Zealand - https://www.nzfilm.co.nz/international ” as agreed with NZFC; and
