

## Additional Contract Details

---

This form is used for applications made under the [Outer Space and High-altitude Activities Act 2017](#) for which there are multiple instances of management, oversight or control of each high-altitude payload or its operation (including the ground segment) being contracted to another person:

**Please provide the reference number for the application this form is associated with (if you have one), otherwise the name of the applicant in the application form:**

Your reference number

---

### Completing this form

Where you are providing information on this form you can do this by responding to the questions either directly on the form, or if needed by attaching a separate document and noting this on the form.

**If any part of the management, oversight or control of each high-altitude payload or its operation (including the ground segment) is being contracted to another person, please provide the details listed below:**
