

COVERSHEET

Minister	Hon Dr Megan Woods	Portfolio	Research, Science and Innovation
Title of Cabinet paper	Amendment to the Heavy Engineering Research Levy Act 1978	Date to be published	16 August 2021

List of documents that have been proactively released

Date	Title	Author
July 2021	Amendment to the Heavy Engineering Research Levy Act 1978	Office of the Minister of Research, Science and Innovation
1 July 2021	Amendment to the Heavy Engineering Research Levy Act 1978 LEG-21-MIN-0098 Minute	Cabinet Office

Information redacted

YES / NO [select one]

Any information redacted in this document is redacted in accordance with MBIE's policy on Proactive Release and is labelled with the reason for redaction. This may include information that would be redacted if this information was requested under Official Information Act 1982. Where this is the case, the reasons for withholding information are listed below. Where information has been withheld, no public interest has been identified that would outweigh the reasons for withholding it.

In Confidence

Office of the Minister of Research, Science and Innovation
Chair, Cabinet Legislation Committee

HEAVY ENGINEERING RESEARCH LEVY ACT AMENDMENT ORDER 2021

Proposal

- 1 This paper seeks authorisation for submission to the Executive Council of the Heavy Engineering Research Levy Act Amendment Order 2021.

Policy

- 2 The Heavy Engineering Research Levy Act Amendment Order 2021 (Appendix 1) will amend Schedules 2 and 3 of the Heavy Engineering Research Levy Act 1978 (the Act) by Order in Council, to ensure the Tariff item numbers and descriptions match those listed in the Working Tariff Document (the Tariff).
- 3 On 16 January, the Cabinet Business Committee (CBC-21-MIN-0012):
 - 3.1 approved the proposed amendments to Schedules 2 and 3
 - 3.2 invited the Minister of Research, Science and Innovation to issue drafting instruction to the Parliamentary Counsel Office to give effect to these amendments
 - 3.3 authorised the Minister of Research, Science and Innovation to make decisions on any minor and technical matters that may arise during the drafting process.
- 4 On 2 February, Cabinet confirmed these decisions (CAB-21-MIN-0006).
- 5 The Act authorises the collection of a levy from the heavy engineering and related industries to provide funds for the Heavy Engineering Research Association (HERA) to promote and conduct industry good research into heavy engineering. Schedules 2 and 3 specify the items levied at two different rates.
- 6 The changes to Schedule 2 will correct a 2016 administrative error that resulted in certain Tariff item numbers in Schedule 2 not matching those listed in the Tariff. The Tariff sets out tariff rates on imported goods and is maintained by Customs.
- 7 Because of this error, the Heavy Engineering Research Association (HERA) and Customs have been unable to collect the levy on these items since 1 January 2017. This has reduced the amount of funding for industry good research by around \$330,000 over the past 3 years. HERA informed the

Ministry of Business, Innovation and Employment (MBIE) of this error in June 2020.

- 8 The changes to Schedule 3 are routine and will amend minor typesetting differences between Tariff item descriptions in Schedule 3 of the Act and the Tariff. These differences do not affect HERA or Customs' ability to collect the levy. However, we want to take this amendment opportunity to ensure consistency of item classification between the two regulatory documents.

Timing and 28-day rule

- 9 The proposed changes will come into force on 26 August 2021, seven weeks after the Order in Council is made and is gazetted on 8 July 2021.

Compliance

- 10 These amendments to Schedules 2 and 3 by Order in Council are being made in order to accord with amendments made to the Tariff, and to comply with the requirements contained in Section 4(4) of the Act.
- 11 The regulations comply with:
- 11.1 the Treaty of Waitangi;
 - 11.2 the rights and freedoms contained in the New Zealand Bill of Rights Act 1990 or the Human Rights Act 1993;
 - 11.3 the principles and guidelines set out in the Privacy Act 2020;
 - 11.4 the Legislation Guidelines (2018 edition).

Regulations Review Committee

- 12 I do not consider that there are grounds for the Regulations Review Committee to draw the disallowable instrument or regulations to the attention of the House of Representatives under Standing Order 327.

Certification by Parliamentary Counsel

- 13 The draft regulations were certified by the Parliamentary Counsel Office (PCO) as being in order for submission to Cabinet.

Impact Analysis

- 14 The Regulatory Quality Team at the Treasury has determined that the regulatory proposals in this paper are exempt from the requirement to provide a Regulatory Impact Statement on the basis that they have no or minor impacts on businesses, individuals or not for profit entities.

Publicity

- 15 Once the Order in Council is made and gazetted, HERA will inform its members of the changes to the levied items through its website www.hera.org.nz.
- 16 Customs will also advise customs brokers and importers of the relevant levied goods that they need to update their systems for the changes in Schedule 2 of the Act.

Proactive release

- 17 I intend to release this paper proactively. Any redactions made will be consistent with the *Official Information Act 1982*.

Consultation

- 18 MBIE has consulted with Customs, The Treasury and HERA on the proposed amendments to Schedule 2 of the Act.
- 19 MBIE has consulted with Customs and HERA on the proposed amendments to Schedule 3 of the Act.
- 20 Industry consultation is not required on amendments to the Tariff item numbers and descriptions in Schedules 2 and 3. The Act only requires consultation with The New Zealand Manufacturers and Exporters Association (now known as the Manufacturers Network) on levy rate changes.
- 21 HERA has briefed their Board on the Schedule 2 administrative error. The Board comprises a range of industry members and the CEO of the Manufacturers Network.

Recommendations

I recommend that the Cabinet Legislation Committee:

- 1 **note** that on 16 January, the Cabinet Business Committee agreed to the amendments to Schedules 2 and 3 of the Act (CBC-21-MIN-0012);
- 2 **note** that the Heavy Engineering Research Levy Amendment Order 2021 will give effect to the decision referred to in paragraph 1 above;
- 3 **authorise** the submission to the Executive Council of the *Heavy Engineering Research Levy Amendment Order 2021*;
- 4 **note** that the Heavy Engineering Research Levy Amendment Order 2021 will come into force on 26 August 2021.

Authorised for lodgement

Hon Dr Megan Woods

Minister for Research, Science and Innovation

Heavy Engineering Research Levy Act Amendment Order 2021

Order in Council

At Wellington this day of 2021

Present:
in Council

This order is made under section 4(4) of the Heavy Engineering Research Levy Act 1978 on the advice and with the consent of the Executive Council.

Contents

Order

- 1 Title**
This order is the Heavy Engineering Research Levy Act Amendment Order 2021.

2 Commencement

This order comes into force on 26 August 2021.

3 Principal Act

This order amends the Heavy Engineering Research Levy Act 1978.

4 Schedules 2 and 3 replaced

Replace Schedules 2 and 3 with the Schedules 2 and 3 set out in the Schedule of this order.

Schedule
Schedules 2 and 3 replaced

cl 4

Schedule 2

Levied items in respect of which rate of levy not to exceed \$20 for each tonne

s 4

Tariff item number	Statistical key code	Description of goods
72.08		Flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, hot-rolled, not clad, plated or coated:
		– Not in coils, not further worked than hot-rolled, with patterns in relief:
7208.40.10		– Of a width exceeding 1.95 m and of a thickness exceeding 4.75 mm
	01F	. . . Of a thickness of 4.75 mm or more but not exceeding 10 mm
	09A	. . . Of a thickness exceeding 10 mm
7208.40.90		– Other
	01K	. . . Of a thickness exceeding 10 mm
	09E	. . . Of a thickness of 4.75 mm or more but not exceeding 10 mm
		– Other, not in coils, not further worked than hot-rolled:
		– Of a thickness exceeding 10 mm:
7208.51.10	00F	– Rolled on four faces or in a closed box pass, of a width not exceeding 1,250 mm, without patterns in relief and having a minimum yield point of other than 355 MPa
		– Other:
7208.51.50	00H	– Of a width exceeding 1.95 m
7208.51.90	00K	– Other
		– Of a thickness of 4.75 mm or more but not exceeding 10 mm:
7208.52.10	00L	– Rolled on four faces or in a closed box pass, of a width not exceeding 1,250 mm, without patterns in relief and having a minimum yield point of other than 355 MPa
		– Other:

	 Of copper-nickel base alloys (cupro-nickel) or copper-nickel-zinc base alloys (nickel silver):
	10D Welding
	17A Other:
	 Welding
74.08		Copper wire:
		- Of refined copper:
7408.19.00		- - Other
	01C Welding
		- Of copper alloys:
		- - Of copper-zinc base alloys (brass)
7408.21.00	 Welding
7408.22.00	01L	- - - Of copper-nickel base alloys (cupro-nickel) or copper-nickel-zinc base alloys (nickel silver)
	01E Welding
7408.29.00		- - - Other
	01G Welding

**Heavy Engineering Research Levy Act Amendment
Order 2021**

Schedule

Tariff item number	Statistical key code	Description of goods
76.01		Unwrought aluminium:
7601.10.01		- Aluminium, not alloyed:
		- - Bars and rods:
	01D	. . . Welding
7601.20.01		- Aluminium alloys:
		- - Bars and rod
	01H	. . . Welding
76.04		Aluminium bars, rods and profiles:
7604.10.00		- Of aluminium, not alloyed
	01B	. . . Welding
		- Of aluminium alloys:
		- - Other:
7604.29.01		- - Bars and rods
	01C Welding
76.05		Aluminium wire:
7605.19.00		- Of aluminium, not alloyed:
		- - Other
	01A Welding
7605.29.00		- Of aluminium alloys:
		- - Other
	01E Welding
83.11		Wire, rods, tubes, plates, electrodes and similar products, of base metal or of metal carbides, coated or cored with flux material, of a kind used for soldering, brazing, welding or deposition of metal or of metal carbides; wire and rods, of agglomerated base metal powder, used for metal spraying:
8311.10.00	00C	- Coated electrodes of base metal, for electric arc-welding
8311.20.00	00G	- Cored wire of base metal, for electric arc-welding
8311.30.00	00L	- Coated rods and cored wire, of base metal, for soldering, brazing or welding by flame
		- Other:

Tariff item number	Statistical key code	Description of goods
8311.90.01	00J	Wire and rods, of agglomerated base metal powder, used for metal spraying
8311.90.09	00K	Other

Clerk of the Executive Council.

Explanatory note

This note is not part of the order, but is intended to indicate its general effect.

This order, which comes into force on 26 August 2021, replaces Schedules 2 and 3 of the Heavy Engineering Research Levy Act 1978 to reflect the tariff item numbers, statistical key codes, and descriptions of goods used in the Working Tariff Document prepared by the New Zealand Customs Service.

Issued under the authority of the Legislation Act 2012.

Date of notification in *Gazette*:

This order is administered by the Ministry of Business, Innovation, and Employment.
