

To Whom It May Concern

My name is s 9(2)(g)(i) and I am writing this letter regarding the immigration rules going to change in August 2017. I am in New Zealand from last 7 years and I applied for a further essential skill work visa and I made a genuine attempt for me to keep my job he did advertised on trade me and on WINZ as well. I am currently working a s field manager in horticultural company and that's own and operated by New Zealander employer and he's in this business from last 59 years and INZ are still asking questions about my applications that's there right. But my main concern is that they need to change the rules just for the new migrants not for those who are already in NZ from last more than 5 years living lawfully and now they have all the work experience over here and also attached their emotions and paying all tax and funds so INZ need to keep the rules same for them so they have to make changes just for new comers.

Thanks & Regards,
