Q1

Personal Information

Name **Stephanie Tibble**

Email Address

Q2

Are you making this submission on behalf of a business or organisation?

Yes (Please tell us your company/organisation):  
Tuahuru Marae

Page 4: New Zealand's interests in space

Q7

What are your interests and relationship to space? Pick as many as apply below:

**Have cultural connections to space,**  
Other (please specify):  
Closest marae to Rocket Lab in Mahia.

Q8

Please note any other interests and relationship to space below that you would like to share.

**Respondent skipped this question**

Page 5: New Zealand's values in space

Q9

To what extent do you agree or disagree that these values should apply to New Zealand's space activities and engagements?

Innovation	<b>Strongly disagree</b>
Responsibility	<b>Strongly disagree</b>
Stewardship	<b>Strongly disagree</b>
Partnership	<b>Agree</b>

**Q10**

Are there any other values, or aspects of kaitiakitanga (guardianship), that you think should apply to New Zealand's space activities and engagements? For example, cultural values regarding space.

These values are not aligned with a Tiriti-based approach to space activities in Aotearoa. Relevant values through this approach are Tino rangatiratanga (which includes partnership responsibilities with tangata whenua), Taiao as a taonga tuku iho to be protected, Rangimārie (peace - key principle) and Pono (Transparency - space activity is new to us. We need clear, honest, robust information).

Page 6: New Zealand's space policy objectives

**Q11**

Rank these key policy objectives in order of importance to you: Click and drag to reorder the objectives from 1 (most important) to 5 (least important)

Growing an innovative and inclusive space sector	<b>4</b>
Modelling sustainable space and Earth environments	<b>1</b>
Promoting the responsible uses of space internationally	<b>3</b>
Protecting and advancing our national security and economic interests	<b>5</b>
Regulating to ensure space activities are safe and secure	<b>2</b>

Page 7: Growing an innovative and inclusive space sector

**Q12**

To what extent do you agree or disagree that these policy objectives will help the New Zealand government to grow an innovative and inclusive space sector?

Promoting New Zealand's natural advantage for conducting space activities, and research and development expertise across the space value chain	<b>Strongly disagree</b>
Partnering within New Zealand and internationally to increase research and development capabilities	<b>Neither agree nor disagree</b>
Identifying opportunities to increase diversity in the space sector	<b>Strongly disagree</b>
Using cutting-edge space technology and space sourced data to support New Zealand's values and interests	<b>Neither agree nor disagree</b>

**Q13**

Do you have any comments on these policy objectives? (e.g. any suggested change to how they are framed? Is there anything missing?)

Space activity in Aotearoa needs to champion sustainability, environmental welfare and peace first.

**Q14**

Are there any other policy objectives that you think would help the New Zealand government to grow an innovative and inclusive space sector?

Space activity in Aotearoa needs to be based on Te Tiriti o Waitangi, Taiao and Peace.

---

**Q15**

Do you have any questions or comments about what these objectives would mean in practice?

Space organisations have an agreement not just with land owners but with mana whenua.  
Space organisations are actively engaged in activities which enhance the environment they are working in.  
Space organisations are actively engaged in the promotion of space for peace.

---

Page 8: Promoting the responsible uses of space internationally

**Q16**

To what extent do you agree or disagree that these policy objectives will help the New Zealand government to promote the responsible uses of space internationally?

Advocating for effective international rules, norms and standards in space	<b>Agree</b>
Partnering with like-minded launch states to adopt peaceful, responsible and sustainable space practices	<b>Agree</b>
Collaborating internationally to increase New Zealand's influence and capabilities in the global space sector	<b>Neither agree nor disagree</b>

---

**Q17**

Do you have any comments on these policy objectives (e.g. any suggested change to how they are framed? Is there anything missing?)

The responsibility of space organisations to ensure communities are informed and become more educated about what space activity is and its impacts.
