Project 3544 MBIE Biometric Capability Update

Customer Specific Configuration Requirements Document - (CSCRD)

Version 3.2

12/MAY/2022

Proprietary Notice

NEC Corporation of America

The information disclosed in this document, including all designs and related materials, is the valuable property of NEC Corporation of America, (hereinafter "NEC") and/or its licensors. NEC and/or its licensors, as appropriate, reserve all patent, copyright, and other proprietary rights to this document, including all design, manufacturing, reproduction, use, and sales rights thereto, except to the extent said rights are expressly granted to others.

You may not remove, overprint, or deface any notice of copyright, trademark, logo, legend, or other notice of NEC ownership from any originals or duplicates of any software or hardware products of NEC disclosed in this document. The names, logos, copyrights, trademarks, and service marks of NEC appearing in this document may not be used in any advertising or publicity or otherwise to indicate sponsorship of or affiliation with any product or service, without NEC's express prior written permission.

The NEC product(s) discussed in this document are warranted in accordance with the terms of the Warranty Statement accompanying each product or a separate written warranty agreement that may be applicable. However, actual performance of each such product is dependent upon factors such as system configuration, customer data, and operator control. Since implementation by customers of each product may vary, the suitability of specific product configurations and applications must be determined by the customer and is not warranted by NEC.

To allow for design and specification improvements, the information in this document, and the products and services described in such information, are subject to change at any time, without notice. Reproduction of this document or portions thereof without prior written approval of NEC is prohibited.
