Mihi

Tēnā koutou

Thank you for agreeing to assess proposals submitted for funding from Te Pūnaha Hihiko: Vision Mātauranga Capability Fund 2019 investment round.

Te Pūnaha Hihiko: Vision Mātauranga Capability Fund invests in activities that strengthen capability and networks between Māori organisations and the science and innovation system, to deliver benefit to Aotearoa. These guidelines detail what is involved in the assessment of proposals and the role that you will play in that process. Informed assessment of proposals is a critical aspect of the investment process, as it forms the basis of The Ministry of Business, Innovation and Employment’s (MBIE’s) funding recommendations.

We have selected you and other assessors based on your knowledge and experience. You have not been selected as a ‘representative’ of a particular organisation or sector. The names of all assessors and their affiliated organisations are published on MBIE’s website.

The experience and expertise that you bring to the investment process is greatly appreciated. Thank you for supporting MBIE’s science investment processes.

Introduction

As an Assessor, you are critical in helping MBIE identify the proposals that have the greatest potential to deliver on the New Zealand Government’s investment goals for Te Pūnaha Hihiko: Vision Mātauranga Capability Fund. The Fund has been operating since 2013 and this is the seventh investment round.

These guidelines describe the assessment process; the roles involved, and provide guidance on how to record your assessments in MBIE’s Investment Management System (IMS) – a secure online portal.

We recommend that you read this document in conjunction with Te Pūnaha Hihiko: Vision Mātauranga Capability Fund Call for Proposals 2019 Investment Round and other relevant information on MBIE’s Te Pūnaha Hihiko: Vision Mātauranga Capability Fund webpages.

Assessment Roles and Responsibilities

Assessment of Te Pūnaha Hihiko: Vision Mātauranga Capability Fund proposals submitted for funding from the 2019 investment round is performed by a panel of assessors comprising approximately eight members. Each member assesses a selection of proposals and attends an Assessment Panel meeting during which the preliminary scores and comments are reviewed, scored and ranked. These rankings are then reported to MBIE.

MBIE will publish the names and a short biography of each Assessor on its website.

If the volume of proposals is large, MBIE may engage additional Assessors to assess, score and comment on proposals ahead of the Panel meeting.

The following outlines the key roles and responsibilities involved in the assessment process.

Assessor

Your role as an assessor is to assess Te Pūnaha Hihiko: Vision Mātauranga Capability Fund proposals submitted for funding in the 2019 investment round. Your key responsibilities include:

> Participating in an Assessor briefing.
> Declaring any conflicts of interest and adhering to MBIE’s confidentiality and privacy policies.
> Reading and assessing assigned proposals, allocating assessment scores that reflect your assessments (using a 7-point scoring system against the assessment criteria) and then recording your scores and supporting comments in MBIE’s Investment Management System (IMS) – a secure online portal.
> Attending an Assessment Panel meeting in Wellington, where the preliminary scores and comments are reviewed, proposals are scored and ranked, and advice on the assessment results is recorded by MBIE. Note that the Assessment Panel does not have delegated authority to make investment decisions.
> Taking collective ownership of Assessment Panel results and advice to MBIE.

Lead Assessor

In addition to the responsibilities of an Assessor, a Lead Assessor is also responsible for introducing and leading the discussion on a selection of proposals at the Assessment Panel meeting.

Assessment Panel Chair

The Chair must:

> Prioritise the discussion of the Panel meeting taking into account the preliminary ranked assessment scores and any advice from assessors.
> Identify and take appropriate action over conflicts of interest.
> Allow time for informed discussion and equitable decision-making for proposals and mediate views if required.
> Ensure that the Assessment Panel follows the scoring system and provides sound advice.
> Ensure that the Assessment Panel develops appropriate commentary on proposals to inform funding recommendations and to enable appropriate feedback to applicants.
> Provide an Assessment Panel report to MBIE.
Confidentiality and Privacy

To ensure confidentiality, as an assessor you must:

> Ensure the safekeeping of all proposals and related documents (e.g., workbooks, notes, etc.).
> Destroy any remaining documentation or return it to MBIE at the end of the assessment process.
> Not correspond with or discuss the contents or assessment of any proposals with the applicant or any other party. If an applicant contacts you about a proposal:
  - direct them to us (VMCF@mbie.govt.nz), and
  - email us with the details of your contact.
> Not use any confidential information for any purpose other than assessment.

All assessors must agree to adhere to MBIE’s confidentiality and privacy policies which apply to all personal information collected by MBIE in the IMS portal before they can view their assigned proposal.

OFFICIAL INFORMATION ACT 1982

Proposals and their assessments are confidential. Note however that MBIE is subject to the Official Information Act 1982 therefore information relating to an assessment may be released if requested.

Conflicts of Interest

MBIE follows a rigorous process to maintain the credibility of investment decisions and to assure applicants that their proposals are fairly and reasonably appraised.

Before starting to assess, you must check your list of assigned proposals for any conflicts of interest and either accept or decline the assignments as appropriate (see page 15 for details on how to do this).

What is Considered a Conflict of Interest?

Conflicts of interest may occur on two different levels:

> A direct conflict of interest; where an assessor is:
  - directly involved with a proposal (as a participant, manager, mentor, or partner) or has a close personal relationship with the applicant, for example, family members, or
  - a collaborator or in some other way involved with an applicant’s proposal.
> An indirect conflict of interest; where an assessor:
  - is employed by an organisation involved in a proposal but is not part of the applicant’s proposal.
  - has a personal and/or professional relationship with one of the applicants, e.g., an acquaintance.
  - is assessing a proposal under discussion that may compete with their business interests.

If you are from a University or Crown Research Institute or other large organisation, you may assist in the assessment of proposals from that institution providing you have no direct or limited indirect interest in the proposal. If in doubt, declare and discuss with MBIE.

Reporting Identified Conflicts

All conflicts of interest must be declared to MBIE.

If you identify a direct conflict with a proposal that has been assigned to you, you must decline the assignment. If you identify an indirect conflict, email MBIE at VMCF@mbie.govt.nz with the details for further discussion before accepting or declining the assignment.
Handling Conflicts of Interest During the Assessment Panel Meeting

If there is a **direct conflict** of interest with a proposal about to be discussed during the Panel meeting, declare the conflict to the Chair. You will be required to leave the room during the ensuing assessment discussion.

The actions required for a declared **indirect conflict** of interest is at the discretion of the Assessment Panel Chair; this could be to:

- leave the room
- stay but remain silent unless asked to respond to a direct question
- contribute to the assessment of the proposal.

Should the Chair declare a conflict of interest with a proposal, a Deputy Chair will be appointed for the ensuing assessment discussion.

All conflict of interest declarations and resulting assessor actions during the Panel meeting will be recorded.

### Assessor Briefing

Prior to performing assessments, assessors are required to attend a one hour briefing session either in person, in Wellington, or via teleconference. The purpose of this session is to familiarise assessors with the:

- Assessment tools and resources that are available, including the assessment scoring guides
- Content of [Te Pūnaha Hihiko: Vision Mātauranga Capability Fund Call for Proposals 2019 Investment Round](#) including the structure of the application form and the assessment criteria.

The date of this briefing and further information will be sent to attendees separately.
Allocation of Proposals to Assessors

Proposals that meet the eligibility criteria are assigned to assessors in the absence of any potential conflict of interest.

From **11 March 2019**, MBIE will confirm your role and inform you of your assigned proposals by email.

You use MBIE's IMS portal to:

1. Log on to view your assignments, identify and notify MBIE of any conflicts of interest and then accept or decline your assignments accordingly.

   Do this early so proposals can be reassigned.

   Your role (Assessor or Lead Assessor) will be clearly defined against each assigned proposal.

2. Open (download and/or print) all assigned, accepted proposals.

   Refer to page 14 for further instruction on the IMS portal.

How and When Assessments are Recorded

Your assessment scores and comments are recorded in the IMS portal. This must occur on or before **12 noon, 1 April 2019**.

Assessment Panel Meeting

The Assessment Panel meets in Wellington, in person, on **9 - 10 April 2019** to discuss the preliminary assessment scores and supporting comments and agree consensus scores.

The Panel’s discussion and moderation may take into account any additional information gathered during the assessment process.

MBIE records the discussion, the consensus scores and the Panel’s assessment.

Funding Recommendations and Decisions

Informed by the Assessment Panel, MBIE’s Deputy Chief Executive, Labour, Science and Enterprise will make the final investment decisions on which proposals will be funded and may:

- set pre-contractual conditions which must be met before the investment is contracted.
- set special conditions in addition to the general terms and conditions set out in **Te Pūnaha Hihiko: Vision Mātauranga Capability Fund Investment Contract**.
- vary the proposed term of a proposal, either by setting a different term to that proposed or by stage-gating the investment, for example by requiring certain conditions to be met at a point in the term, before the proposal is funded for the full term applied for.
- vary the funding allocated from that proposed and require performance indicators to be negotiated to MBIE’s satisfaction to reflect the changed funding.

MBIE will advise the proposal’s contact person of the funding decisions in **May 2019**. Decisions will be announced on MBIE’s website and via a press release.
Performing Assessments

Use the following procedure to assess Te Pūnaha Hihiko: Vision Mātauranga Capability Fund proposals submitted for funding from the 2019 investment round.

The Assessment Steps

1. **Read and understand the assessment criteria, the Government’s investment aims and objectives for Te Pūnaha Hihiko: Vision Mātauranga Capability Fund.**
   
   Read and understand the assessment criteria detailed in these guidelines. This includes the scoring guide, the Government’s investment aims and objectives for Te Pūnaha Hihiko: Vision Mātauranga Capability Fund. The scoring guide and the points to note for each assessment criteria provide a common interpretation to clarify and help ensure consistency.
   
   We recommend that you also read Te Pūnaha Hihiko: Vision Mātauranga Capability Fund Call for Proposals 2019 Investment Round available on MBIE’s Te Pūnaha Hihiko: Vision Mātauranga Capability Fund webpages.

2. **Accept (or decline) assigned proposals.**
   
   Accept your assigned proposals or decline if you deem a conflict of interest exists (see page 15 for details).

3. **Read assigned proposals (see page 16 for details).**

4. **Select an assessment score and record associated commentary.**

   Only assess the information presented in the proposal. Applicants are obliged to present the relevant information therefore if a proposal has obvious gaps, reflect this in your score and detail the significant issues in your comments.

   Independently score each proposal using the assessment scoring guides (see pages 12 and 13). For each criterion:
   - Select a score ranging from 1 (low quality) to 7 (high quality) from the scoring grid that best matches your assessment AND how well the proposal would deliver on the Government’s investment goals for Te Pūnaha Hihiko: Vision Mātauranga Capability Fund and Vision Mātauranga. While sections of the proposal may align with the assessment criteria, evaluate the proposal as a whole before finalising your assessment.
   - Record your assessment scores in the IMS portal (see page 16).

   Provide an overall commentary on why you selected those scores. Your commentary should also identify if applicable the specific reasons for a deficiency, particularly if you are recording a score of 4 or less for any of the assessment criteria.

   Assessors are not required to apply the assessment criteria weightings to scores as this will be done by MBIE during the panel meeting.

   Ensure that your comments are accurate, professional, honest, and correlate to the score and description associated with the scoring guide. Do not include names and be mindful that:
   - if requested to do so, they may be made available under the Official Information Act.
   - word limits for comments may apply; these display clearly top left of each Comment field in the IMS portal.

   Exercise your knowledge, judgement and expertise to reach clear and soundly based assessments that are fair, objective and evidence-based.

   Be wary of ‘drift’ in your scoring. It is common for scoring to change as assessors gain experience with the assessment process. If scoring has drifted, you may want to review your scores and comments.

5. **Destroy (or return to MBIE) all proposals and supporting documentation** when the assessment process is complete.
The Assessment Criteria

An assessment panel will assess eligible Connect and Placement Scheme proposals against the following criteria. Each criterion has a 25 percent weighting.

<thead>
<tr>

In addition to the criteria above, assessment and funding decisions will also take account of the overall mix of investments, the extent to which proposals achieve the aims and objectives of Te Pūnaha Hihiko: Vision Mātauranga Capability Fund, and value for money.
