Subject: Urgent Action by COP 31/01: Information on the Waste to Energy [IN-CONFIDENCE]
Importance: High

Afternoon Mike

As you will be aware we are working with the Ministers office on potential announcements for the 23 February to link in with the launch of the Provincial Growth Fund (PGF).

We have a long list of projects/announcements and need to quickly assess their viability to link to the wider story of the PGF and readiness for announcement. Once we have a shorter list we will discuss further with the MO and confirm the ones to take forward and get either approved and announcement worked up prior to the 23 February.

What I need from you by COP Wednesday 31 January:
