At a glance

	Δ.	STRENGTHENING THE CONSUMER VOICE
A1		Establish a consumer advisory council
A2		Ensure regulators listen to consumers
_		-
⋸	B:	REDUCING ENERGY HARDSHIP
B1		Establish a cross-sector energy hardship group
B2		Define energy hardship
B 3		Establish a network of community-level support services to help consumers in energy hardship
B4		Set up a fund to help households in energy hardship become more energy efficient
B5		Offer extra financial support for households in energy hardship
B6		Set mandatory minimum standards to protect vulnerable and medically dependent consumers
B7		Prohibit prompt payment discounts but allow reasonable late payment fees
B8		Explore bulk deals for social housing and/or Work and Income clients
Ĕ	C:	INCREASING RETAIL COMPETITION
C1		Make it easier for consumers to shop around
C2		Include information on power bills to help consumers switch retailer or resolve billing disputes
C3		Make it easier to access electricity usage data
C4		Make distributors offer retailers standard terms for network access
C5		Prohibit win-backs
C6		Help non-switching consumers find better deals
C7		Introduce retail price caps
4	D:	REINFORCING WHOLESALE MARKET COMPETITION
D1		Toughen rules on disclosing wholesale market information
D2		Introduce mandatory market-making obligations
D3		Make generator-retailers release information about the profitability of their retailing activities
D4		Monitor contract prices and generation costs more closely
D4	E:	Monitor contract prices and generation costs more closely
D4 D5	E:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies
D4 D5 <u>t</u>	E:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing
D4 D5 <u>1</u> E1 E2 E3	E:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles
D4 D5 E1 E2 E3 E4	E:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases
D4 D5 E1 E2 E3 E4 E5	E:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations
D4 D5 E1 E2 E3 E4 E5 E6	E:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms
D4 D5 E1 E2 E3 E4 E5 E6 E7		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance
D4 D5 E1 E2 E3 E4 E5 E6		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 F1 F1 F2		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority's transmission and distribution-related regulatory functions to the Commerce Commission
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 F1 F2 F3		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority is transmission and distribution-related regulatory functions to the Commerce Commission Give regulators environmental and fairness goals
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 E9 E1 F1 F2 F3 F4		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority is transmission and distribution-related regulatory functions to the Commerce Commission Give regulators environmental and fairness goals Allow Electricity Authority decisions to be appealed on their merits
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 F1 F2 F3		Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority is transmission and distribution-related regulatory functions to the Commerce Commission Give regulators environmental and fairness goals
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 E1 F1 F2 F3 F4 F5 F6	F:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority's transmission and distribution-related regulatory functions to the Commerce Commission Give regulators environmental and fairness goals Allow Electricity Authority decisions to be appealed on their merits Update the Electricity Authority's compliance framework and strengthen its information-gathering powers Establish an electricity and gas regulator
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 F1 F2 F3 F4 F5 F6	F:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority stransmission and distribution-related regulatory functions to the Commerce Commission Give regulators environmental and fairness goals Allow Electricity Authority decisions to be appealed on their merits Update the Electricity Authority's compliance framework and strengthen its information-gathering powers Establish an electricity and gas regulator PREPARING FOR A LOW-CARBON FUTURE
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 F1 F2 F3 F4 F5 F6 E1	F:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Give regulators environmental and fairness goals Allow Electricity Authority decisions to be appealed on their merits Update the Electricity authority are compliance framework and strengthen its information-gathering powers Establish an electricity and gas regulator PREPARING FOR A LOW-CARBON FUTURE Set up a fund to encourage more innovation
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E9 F1 F2 F3 F4 F5 F6	F:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors to amalgamate Lower Transpower and distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority's transmission and distribution-related regulatory functions to the Commerce Commission Give regulators environmental and fairness goals Allow Electricity Authority decisions to be appealed on their merits Update the Electricity authority's compliance framework and strengthen its information-gathering powers Establish an electricity and gas regulator PEEPARING FOR A LOW-CARBON FUTURE Set up a fund to encourage more innovation Examine security and resilience of electricity supply
D4 D5 E1 E2 E3 E4 E5 E6 E7 E8 E9 E7 E8 E9 E7 E8 E9 E7 F1 F2 F3 F4 F5 F6 C1 G1 G2	F:	Monitor contract prices and generation costs more closely Prohibit vertically integrated companies IMPROVING TRANSMISSION AND DISTRIBUTION Issue a government policy statement on transmission pricing Issue a government policy statement on distribution pricing Regulate distribution cost allocation principles Limit price shocks from distribution price increases Phase out low fixed charge tariff regulations Ensure access to smart meter data on reasonable terms Strengthen the Commerce Commission's powers to regulate distributors' performance Require small distributors' asset values and rates of return IMPROVING THE REGULATORY SYSTEM Give the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Transfer the Electricity Authority clearer, more flexible powers to regulate network access for distributed energy services Give regulators environmental and fairness goals Allow Electricity Authority decisions to be appealed on their merits Update the Electricity authority are compliance framework and strengthen its information-gathering powers Establish an electricity and gas regulator PREPARING FOR A LOW-CARBON FUTURE Set up a fund to encourage more innovation
