

Forestry Innovation Investment[®]

OVERVIEW

BUILDING A STRONGER B.C. FOREST ECONOMY

Forestry Innovation Investment

Forestry Innovation Investment (FII) is the provincial agency charged with maintaining, creating and diversifying markets for B.C. forest products. We work with and support the forest sector to bring advanced wood products and technologies to market; promote our products and forest management practices to the global marketplace; and leverage our resources to ensure the forest sector continues to be a key contributor to the B.C. economy.

PARTNERSHIPS FII works with nearly two dozen industry trade associations, research institutions and trade development agencies to deliver a comprehensive suite of market development programs and services. Our unique, collaborative approach also brings together the expertise and resources of two levels of government to maximize the impact of the initiatives delivered by FII and its partners.
