

# Submission in response to consultation on ticket reselling in New Zealand

## Name (full)

Murray lance stevdnson

## Organisation (if applicable)

## Submitter category

Individual consumer

## Have you experienced problems with ticket resale?

No, I have never purchased resale tickets before

## Please share your experiences, either positive or negative

## Your views on the issues

## Are these problems serious enough to require changes to the law or industry practices?

Yes

## Tell us what you think

## Your views on the options, and the pros and cons

## Price cap on resale tickets:

Option A: Face value + 10%, or Original sale price (whichever is lower)

## Why did you choose the option above? Please explain

Would prefer no Mark up allowed at all. This only encourages scalpers. If people genuinely need to resell a ticket they only want the cost price back.

## More information disclosure: Do you agree with this option? Why or why not?

Would prefer no Mark up allowed at all. This only encourages scalpers. If people genuinely need to resell a ticket they only want the cost price back.

## Ban on ticket-buying bots: Do you agree with this option? Why or why not?

Yes but wouldn't need this if you did not allow mark ups. Keep it simple

## Joint industry-government actions: Do you agree with this option? Why or why not?

Yes.

## Are there other solutions that would work well?

Would prefer no Mark up allowed at all. This only encourages scalpers. If people genuinely need to resell a ticket they only want the cost price back. Scalpers wouldn't bother with bots as no point if you can only recoup what you spent.
