

## Monthly Regional Tourism Estimates

The Monthly Regional Tourism Estimates (MRTEs) provide an estimate of regional monthly expenditure on tourism from both international and domestic consumers.

[Explore by RTO](#)

In the table below, the column "Year to Year Growth" refers to the growth in expenditure of the last year compared to the previous year (eg the year ending March 2017 compared to the year ending March 2016).

The column "Month to Month Growth", represents the growth in expenditure for the latest month, compared to the same month in the previous year (eg the month of March 2017 is compared to the month of March 2016).

The table below can be sorted by each column by clicking on the header. This will sort each column from highest to lowest values, or alphabetically.
